

Thinking of Creating a CrowdBoard?

How it Works

Common Question: Is money being raised online?

Surprising Answer: \$5,800,000,000 was raised last year and it is predicted to double

Fun Facts

If America alone invested 1/10th of what they currently gamble
CrowdBoarders would raise 55Billion per year

The laws to legalize raising money online were written and finalized
in October 2013, this is a brand new industry

This is not a new concept: the Statue of Liberty raised money from the
citizens of New York: the internet has just expanded the reach.

What can you raise money for?
Anything

There are Six Types of CrowdBoards

Equity sell shares in your company to receive investment

Reward sell rewards to raise money

Lending receive money in order to pay it back

Donation raise money to be donated to a charity

Gift raise money to help someone

JR raise money for under 18's

How do you receive the money?

Upload your account information

When do I receive the amount raised?

Depending on the type of CrowdBoard you have created :

- 1) **Equity/ Reward/ Lending**: CrowdBoarders upload their card information once your CrowdBoard hits 100% and closes the cards will be charged
- 2) **Donation/Gift/JR**: You receive the money straight away while still building towards funding 100% of your CrowdBoard

Sure you are wondering how much you pay...

CrowdBoarders consulting fee.....	\$0
CrowdBoarders marketing fee.....	\$0
CrowdBoarders processing fee.....	\$0
CrowdBoarders network monitoring fee.....	\$0

You Pay Absolutely Nothing!
